

Karan Kartik

Fresher

I am seeking a beginner role that will allow me to improve and explore my technical knowledge that I have gained at DR. Ambedkar Institute of Technology for the last four years, and also some technical skills which I learned from DUCAT and Youtube.

PERSONAL PROJECT

(E-Commerce WebApp) (10/2024 - 11/2024)

An E-commerce WebApp, which I designed with the help of my skills and Youtube video in which I used ReactJS, React-DOM, React-Router, Hooks, Context API

(Personal Portfolio Website) (10/2024 - 10/2024)

I Created a Personal Portfolio in which I described my Work, Services, Experience and a short note about me and Contact Me form In Which user can connect with me It is also Responsive I used HTML, CSS, JS for Creating this portfolio.

(Bubble Game) (11/2023 - 12/2023)

I made a project in which I used CSS JS and HTML with help of these I have made the game in which user can play and make fun.

(BGMI Pro's)

With the Help of CSS JS and HTML I made a project in which user can use the website for deep knowledge of BGMI player

Todo App (08/2024 - 08/2024)

With the help of React.js and bootstrap I made the project in which user can add todo task and also user can remove it. I also used some react icon for more attractive UI.
